Message from the Chairperson & Executive Director

2017-18 was an important milestone year for Lions Foundation of Canada. Our school launched in 1983, and it became quickly apparent that we were able to open many doors for clients across the country through the work of specially trained Dog Guides. 203 graduates this past year moved forward with their Dog Guide, surpassing a very long term annual goal for the school. This goal is based on proven results of how much Dog Guides can support a very wide range of Canadians with physical or medical disabilities. We are very proud of the growth and thankful to the many donors, Lions Clubs, volunteers, and staff who have worked year after year to achieve great results.

The report that follows chronicles a spectacular year. It highlights the contributions that have made this possible. This includes the strong oversight of our Board of Directors, a professional and dedicated group of staff, hundreds of volunteers who each take on an essential role, and thousands of donors who make the financial commitment that gives us the ability to grow. We know there is more need in the community and with your help, we plan to continue to open more doors for Canadians who can benefit from our wonderfully trained Dog Guides.

Opening Doors to Independence

Our Dog Guides open doors both literally with the skills of our Service Dog Guides, but in a much more general sense, they open doors for each handler by providing a new level of ability and independence. Our school has always sought ways to expand those roles. Since 1985, rather than limit what we do, we have expanded the pathways that Dog Guides are proven to assist. We now have seven unique programs and each is offered coast-to-coast with a broad application for many people. While some like to compare the relative attributes of each program, we recognize that each Dog Guide is equally valued by their users. They truly open doors to changing lives.

Our long range plan, "Opening Doors to Independence" formalized the goal of achieving 200 graduates. At the time it seemed an impossible stretch. Step by step, our donors have enabled us to continue to expand. This expansion meant developing a larger donation level, expanding and renovating facilities to increase more breeding and training, allowing us to help more people with disabilities this year than ever before.

Opening Doors to Provide Support

This year, we were thrilled to announce the launch of our seventh program, Support Dog Guides. These dogs are for use by professional agencies with individuals in traumatic situations as they can provide comfort to victims or witnesses of crime or sudden tragedy. Support Dogs will provide on scene support when requested to those most vulnerable in the community, as well as provide added support to persons providing difficult disclosure to police for crimes such as child abuse, sexual assault, and other traumatic situations.

"Journey is the foundation's first Support Dog Guide. She was selected for her calm demeanor, and trained to the highest level of obedience and to be non-reactive in different type of situations. This is a wonderful addition to the ways we can support communities as one Support Dog Guide can help hundreds of victims."

Sandy Turney, Executive Director of
Lions Foundation of Canada

Unlocking Doors to Independence

For someone with a disability, a Dog Guide is a priceless gift of independence. Each Dog Guide costs approximately \$25,000 and takes close to two years to raise, train, and ultimately partner with its new handler. No one should be denied their independence. That's why Dog Guides – including all training, travel and accommodation for recipients – are provided at no cost.

The Doors we've Opened...

Jim and Fievel

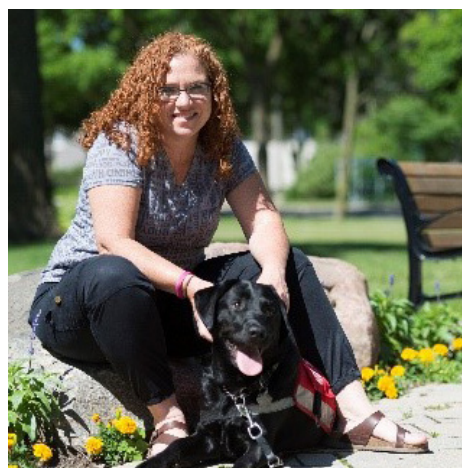

"Fievel has made it easier for me to walk with confidence and speed. When I used the cane I would fall behind everyone because I needed to stay safe and figure out what was in front of me (objects, curbs, poles, stairs). With Fievel, I can trust him to watch out and find a way around objects (like garbage cans on garbage day). To the people who make it possible for us to have these beautiful Dog Guides, thank you! Without your support and hard work, I would not have Fievel. We shine together as a team." **Jim, Canine Vision Client**

Ronda and Nita

"Nita plays a vital role in my life by alerting me to the sounds I can't hear. As an itinerant teacher for the Deaf and Hard of Hearing, I travel to several schools a day with Nita. While at my side, Nita alerts me to fire alarm drills and school bells.

Nita helps me the most by making me more confident, regardless of the environment I am in. I am more comfortable being out in public as Nita's presence encourages people to look at me, improving face-to-face communication. Nita is the perfect match for me and my busy lifestyle." **Ronda, Hearing Client**

Karen and Kingsley

"I will never feel like I can properly express my gratitude to the people who made it possible for me to get Kingsley and experience the difference he has made in my life. I wake up every day knowing that I have someone that will be there with me to help me negotiate the world. Sometimes that help may just be picking up the keys that I dropped going out the door or pushing the automatic door buttons, but other days it might be getting me help if I have fallen or gotten stuck somewhere. He is my best friend and not a day goes by that he does not make me smile and bring joy into my life. Thank you just does not seem to cover that." **Karen, Service Client**

Nicole and Snitch

"Having a Dog Guide has given me my independence back. Snitch alleviates a lot of stress from my life and gives me the confidence I need to live life to its fullest. I've seen lots of doctors and tried all kinds of medications, but a Dog Guide has been more effective than anything else. Thank you to everyone that had a part in bringing Snitch, my life changer, into my life. He is my right hand." **Nicole, Seizure Response Client**

Anna and Wynni

"I am 12 years old. I have had diabetes for more than eight years and I am the only kid in my school out of 800 with type one diabetes. Sometimes it seems like I am the only person in the world with diabetes. But with Wynni – I am no longer alone. She is my partner.

Only a few weeks after I left the foundation, I was outside with my friends playing tag. My Continuous Glucose Monitor said I was in normal range but Wynni alerted me in the middle of a game of tag and she was right, I was low.

Wynni doesn't just alert me, she also fetches my juice when I tell her to and she watches me very carefully as I drink it. She is my best friend."

Anna, Diabetic Alert Client

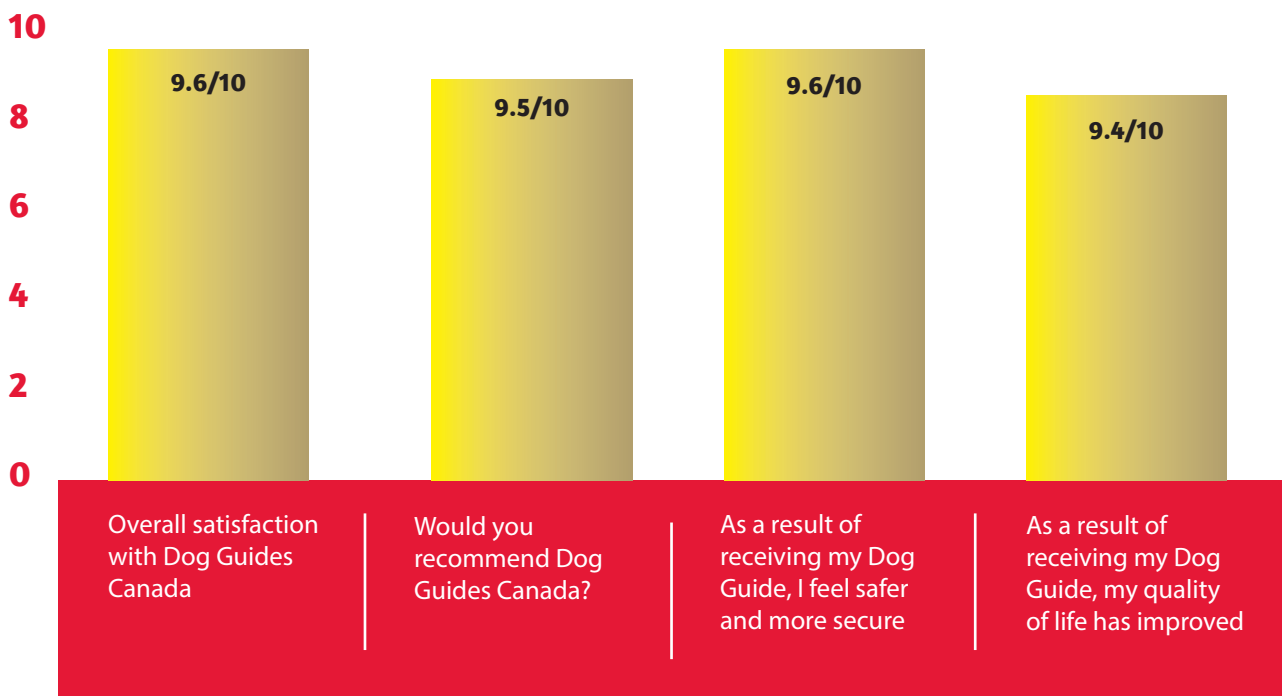

Bella and Kadence

"Since Kadence has come to our family, we are now able to participate in day-to-day activities such as going to restaurants as a family, grocery shopping, and playing at our community playground. These are challenging environments for Bella as she has a hard time coping with the different noises and crowds of people. Bella is also able to participate in activities such as cycling and playing soccer with her furry friend right by her!

As a parent of a child with special needs, it was a huge gift to receive Kadence. Kadence has not only increased Bella's independence at school and in her everyday life, but she has also taken a huge weight off of my shoulders. Knowing that Bella is with her Dog Guide reassures me that she is physically and emotionally safe." **Andrea, mom to Bella, Autism Assistance Client**

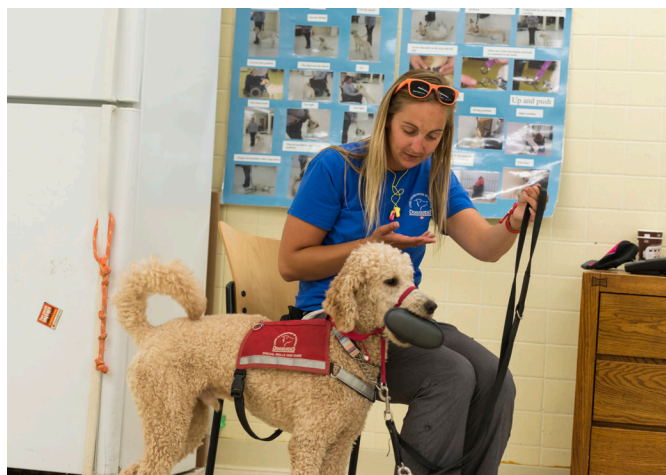

Each year, in order to continue to improve and open doors to more Canadians, we conduct an annual survey of our clients. The survey measures everything from the application process, to follow-up support, to the impact Dog Guides have on clients' lives. Categories are rated on a scale of one to ten, with ten being the highest.

Collaborating with Global Partners

As the Lions Foundation of Canada has grown, it has embraced seeking input and best practices by maintaining an open door to the best worldwide practices. Assistance Dogs International (ADI) and the International Guide Dog Federation (IGDF) are the two worldwide organizations which have accredited standards for assistance and guide dogs. They set out best practices and ensure that member organizations are accredited to meet and exceed these objectives. We are proud to be accredited members of each. Training, breeding collaboration and information are available through this network.

Likewise, on the fundraising and development side, Lions Foundation has embraced Imagine Canada's Standards program as a founding accredited member. While these can be seen as stamps of approval by the experts in the world, we see them as an opportunity to be connected to the best practices in the world. We continually renew our commitment to the highest standards available – with an open door to Canada and the world.

The Key to Independence Starts Early

Lions Foundation of Canada is committed to provide highly trained Dog Guides for Canadians with disabilities. Through our own breeding program, we focus on producing future Dog Guides that exhibit a high degree of trainability, intelligence, good health, and exceptional temperament.

2017-2018 was an incredible year for our breeding program as a total of 275 dogs entered our programs and began their journey to become official Dog Guides. Out of the 275 dogs, 262 came from Lions Foundation of Canada Dog Guides' own breeding program, and 13 were acquired through donations from select breeders and through collaborations with other Dog Guide schools.

Thanks to the breeding and puppy program's high standards and the amazing foster families that raise the puppies for approximately 12 months, this year, the rate of dogs who successfully became Dog Guides was an impressive 69 per cent.

"Our priority is setting the puppies up for a successful future as Dog Guides. This begins before the puppies are born by carefully screening potential breeding dogs, and selecting the very best to join our breeding program." Sam Hobbess, Breeding and Puppy Program Supervisor

Every Hand Helps Open Doors

Lions Foundation of Canada counts on the support of its hardworking, reliable and passionate volunteers, foster families and students to help fulfill the foundation's mission. This year, over 600 volunteers dedicated over 3.9 million hours of their time to the foundation! This includes 450 foster families, which opened their doors and hearts to future Dog Guide puppies, and made the amazing commitment to provide them with proper socialization and basic obedience skills, from seven weeks old to approximately 12-14 months, the age future Dog Guides typically begin formal training at the foundation.

Lions Foundation of Dog Guides volunteers are dedicated, compassionate individuals who share our commitment to provide Dog Guides at no cost. Some of the ways our volunteers contribute include:

Volunteering by the numbers in 2017-2018

Volunteers generously contributed over 3.9 million hours of their time

A total of 450 foster families provided love, a home and basic training to future Dog Guide puppies

"Once I learned about the organization and the independence Dog Guides offer, I became interested in helping in any way I could, so my husband and I applied to become a foster family. It's been more than 10 years now and I couldn't think of any better way to help than through volunteering. Overtime, I've gained new friends through the foster program who have showed me great support and love, especially throughout my husband's illness and then passing."

Vandora Moxam, Foster Family Volunteer

Fundraising Opens More Doors

Lions Foundation of Canada celebrates its most successful year, raising a record \$7.5 million in revenue and graduating a record 203 Dog Guide teams. Without government funding, Lions Foundation of Canada has grown from a dream to an established and rapidly expanding charity that contributes in a very real way to the day-to-day lives of Canadians with a disability. Each Dog Guide team costs approximately \$25,000 to raise, train and place, yet they are provided at no cost to qualified applicants from coast-to-coast.

The Opening Doors to Independence campaign was launched in 2013 with the goal of increasing residential space for clients, renovating space for training staff and ultimately providing 30 per cent more Dog Guide teams.

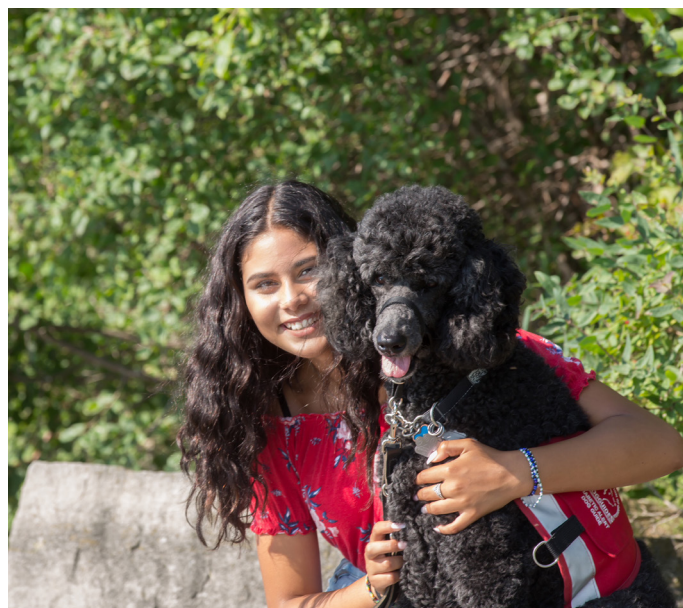

All of this was possible through the generosity of many, including individuals, companies, organizations, and Lions Clubs from across the country. Whether it is an event, a corporate partnership, sponsorship of a Dog Guide team or a bequest to a single donation, every contribution makes a difference. People support the cause to open doors to increase independence for our clients.

One key avenue for giving is the sponsorship program. Contributing to a Dog Guide sponsorship offsets a significant portion of the \$25,000 it takes to raise, train and place a Dog Guide, and 2017-2018 had a record number of sponsorship donations.

"It warms my heart so much to see people re-gaining their confidence and independence because of these amazing dogs and the amazing work done at the Lions Foundation." Valerie Rother, Care-Alive, Seizure Response Dog Guide Sponsor for Several Years

Pet Valu

Lions Foundation of Canada Dog Guides shares a very successful national partnership with the Pet Valu family of stores across Canada. Not only is Pet Valu the title sponsor for the Pet Valu Walk for Dog Guides, but they also contribute in a variety of ways. This includes, donations received through their annual calendar and bandana sales sponsor Dog Guide teams across the country. Pet Valu stores and their customers have now sponsored an impressive 96 Dog Guide teams.

"I often refer to Jim as my four-legged hero. Jim's skills allow me to complete tasks that I otherwise would be unable to do due to limited mobility. Jim can push buttons to open automatic doors, fetch items from the ground, bring items to others, and alert others in emergency situations. Without the ongoing financial support and awareness from the community, these four-legged heroes would not exist. Jim provides me with a level of independence and security which would be impossible without donations to Dog Guides."

David, Service Client Sponsored by Pet Valu

Gary, Canine Vision Client Sponsored by Pet Valu

The Pet Valu Walk for Dog Guides is the largest annual fundraiser for Lions Foundation of Canada Dog Guides. Organized by local volunteers, Lions Clubs and with support from Lions Foundation of Canada, 276 communities participated this year from coast-to-coast.

2017- 2018 Highlights

- Donation Total: **\$1,256,420.07**
- Three Donor Matching Programs totaling: \$112,862
- 87 per cent of participants surveyed walked to support people with disabilities or a Dog Guide graduate
- 99 per cent of participants plan to return to the Walk next year
- Over 180,000 donation forms, 19,000 posters, 4,000 post cards and 20,000 letters were shared with Canadians from coast-to-coast to create national awareness of the Walk

To date, the Walk has raised more than \$16 million

Leaving a Legacy

The Dog Guide Legacy program is Lions Foundation of Canada's planned giving program that provides an opportunity for donors to designate a gift that will fund the training of future Dog Guides. Legacy Leaders are those who have made a commitment to support Lions Foundation with a planned gift, whether it is through a bequest, life insurance or endowment funds.

It is through the shared vision of a growing number of people choosing to leave bequests in their wills that has led to the successful growth of the Dog Guide programs over the last few years. The far sighted planning of these donors ensures that their financial support of the Foundation will last beyond their own lifetime.

"Dog Guides become part of their handler's lives and can go with [their handler] anywhere. Lions Foundation of Canada touches so many people's hearts, it's easy to want to help make a difference. My hope is to support the full cost of training for up to two Dog Guides. The satisfaction that you receive in knowing you are leaving your own legacy for future generations gives you more joy." Lions Clubs - Leaders in Community Service

The success of Lions Foundation of Canada stems from Lions, Lioness and Leo clubs across the country. It was Lions clubs who established the Foundation in 1983 and continue to support its Dog Guide programs as a recognized national project. They continue to provide approximately 24 per cent of the funding each year. The successful fundraising of hundreds of Lions clubs is evident in their contributions to many areas - from the Dog Guide sponsorship program to award programs to hosting an array of community events. Lions are key to the success of the Pet Valu Walk for Dog Guides, as the majority of walks are organized by Lions clubs.
