Message From the Chairperson & Former Executive Director

Adrian
Chairperson

Since being selected as Chairperson of the Board of Directors in October 2018, it seems that the year has moved far too fast to be able to grasp all the exciting things that have happened and are happening at Lions Foundation Canada Dog Guides. Three new dedicated directors joined the Board last October and we said goodbye to two directors who had each served their 3 year term and were strong supporters of the Dog Guide programs.

While we strive for 100 per cent satisfaction with graduating clients and their Dog Guides, the current 92 per cent satisfaction rating and testimonials from current clients about the life changing experience their Dog Guide has made for them is inspiring to staff, volunteers and the Board.

On behalf of the Board of Directors, I thank the staff for their dedication and caring; our volunteers for all their hours of hard work; our sponsors, and donors for continuing to support this great charity. You all help make a difference every day in the lives of many Canadians with a disability, one Dog Guide at a time.

Sandy Durney
Former Executive Director

2018-19 has been a year of major future planning for Lions Foundation of Canada, as we continued our quest to provide more Dog Guides to more Canadians. At the start of my twenty year career we began with a “Double Our Service” campaign to reach 100 team graduates from 50, and have expanded continually since. Thanks to the financial support of very dedicated donors, the success of the Pet Valu Walks for Dog Guides and an increase in bequests, Dog Guides Canada was able to develop its own breeding program, increase the number of staff, and renovate the facilities.

As the demand for Dog Guides increases, it has become clear that real growth requires a new state of the art facility. Those plans will be shared throughout the year as they are finalized. It is an exciting time for Dog Guides! I’m excited to continue to focus on the campaign to help make this happen and wish the new Executive Director a wonderful future of success. Given the strength of our board, volunteers and exceptional staff, it is a wonderful organization to be a part of. Thank you to all for the past decades of support.

Making an Impact Across Canada

Dog Guides impact their handler's lives everyday by increasing their safety, mobility and independence. In addition to this, Dog Guides provide unconditional love and support. Oftentimes having a Dog Guide by their side also encourages people to be more active at home and in their community. From British Columbia to Nunavut to Newfoundland, our Dog Guides have been making an impact across Canada for 34 years.

The foundation began making a difference for Canadians who are blind or visually impaired through the Canine Vision program. Since then, it has expanded to seven unique, specialized programs that are offered to Canadians from coast-to-coast. To date, more than 3,000 Dog Guides have been provided to Canadians with a medical or physical disability, all at no cost.

Did you know?

To date, more than **3,000** Dog Guides have been placed with Canadians who have a medical or physical disability.

In 1985, Lions Foundation of Canada Dog Guides started with **one** program, Canine Vision Canada. Now there are a total of **seven** programs.

Support

Process for receiving a Dog Guide

Individuals or organizations apply to a Dog Guide program by submitting an application with all of the required forms. This includes medical forms to be completed by physicians.

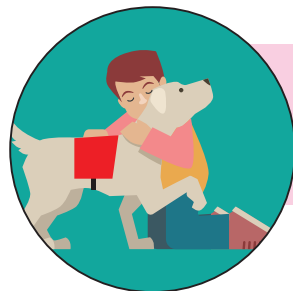

Instructors travel to the applicant's location to conduct a home assessment. After the home assessment, an acceptance committee meets and decides if the applicant qualifies for a Dog Guide.

Once accepted, clients will travel to the Oakville training school to train for 2-3 weeks with their Dog Guide. Travel, accommodation, meals and training are covered by the foundation.

Once training is complete, the new Dog Guide team graduates and meets the dog's foster family and sponsors.

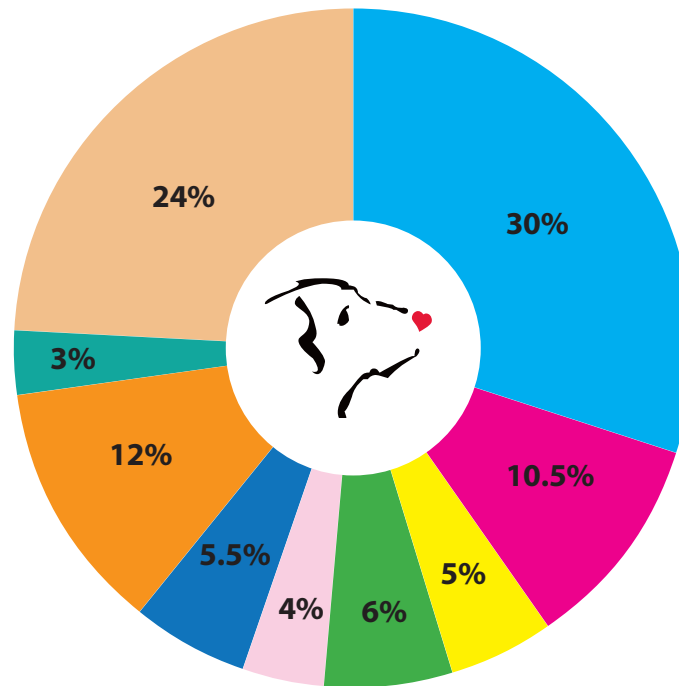

After the new team has graduated, clients travel back home and receive lifelong follow up from Dog Guides staff.

"I am 12 years old. I have had diabetes for more than 8 years and I am the only kid in my school out of 800 kids with type one diabetes. And, sometimes it seems like I am the only person in the world with diabetes. But with Wynni – I am no longer alone. She is my diabetes partner. She alerts me when I am low and even runs to get me juice." – Anna and Wynni, Diabetic Alert team in Ontario

The Value of Dog Guides

For someone with a disability, a Dog Guide is a priceless gift of independence. Each Dog Guide costs approximately \$25,000 and takes close to two years to raise, train, and ultimately partner with its new handler. No one should be denied their independence. That's why Dog Guides – including all training, travel and accommodation for recipients – are provided at no cost.

-  Training of each Dog Guide & hands-on instruction for recipient
-  Kennel care & supplies
-  Accommodation, meals & travel for recipient in training
-  Veterinary care
-  Assessment & ongoing support of each Dog Guide team
-  Breeding & care of a Dog Guide puppy
-  Maintenance of training school and breeding facility
-  Professional services
-  Administration, fundraising and marketing expenses

Cost to the recipient of a Dog Guide **\$0**

Graduated Teams

Richard and Babu – Canine Vision Team

Babu is my lifeline. We go for walks every day to the gym and shopping. Going out is so much easier now. Even in crowded stores, he is fantastic at keeping me safe and guiding me. When Babu is not with me I feel lost. Thank you to everyone that had a part in bringing Babu into my life. Getting a Dog Guide was a life altering event. I cannot imagine my life without him.

Matthew and Wink – Seizure Response Team

Thanks to the foundation, I get to take my Dog Guide, Wink to school with me. I can go to the park or library with Wink and don't have to always be with my parents. I am happy when I am with Wink and she helps me know when I have had a seizure. Thank you for raising and training Wink to be such a great and beautiful dog. I am so grateful to have her with me.

Peter and Emma – Hearing Team

My son came home late one cold night in January and didn't have a key. My wife was out of town, it was just me in the house. I was alerted to the doorbell at 3 a.m. by Emma, my Hearing Dog Guide, and was able to let him into the house and not freeze outside. These dogs make a huge difference in our lives. I cannot imagine functioning without one. I would feel completely unsafe and vulnerable without Emma.

Alejandro and Rodeo – Autism Assistance Team

Alejandro was non-verbal and suffered from high anxiety in public places. When out walking, Alejandro used to bolt and it was very dangerous, especially in parking lots. When Rodeo came to our family, he helped us keep Alejandro safe. Rodeo became his friend and gave him confidence when visiting public places. Once Alejandro started developing words, Rodeo was there to interact and practice his first conversations. Rodeo brought peace of mind to our lives and unconditional love and friendship to our son.

Donna and Ash – Service Team

I was in absolute awe at the level of professionalism exhibited by the instructors and all of the support staff at the facility. It was like watching a perfectly timed doggy ballet everyday as each of the programs put their dogs through their training. I am so grateful for Ash!

Abbigail and Icelynn – Diabetic Alert Team

Since Icelynn came home, I feel a lot safer. One time, I had 4 blood sugar lows in one day and Icelynn alerted me to all of them! Icelynn gives great relief to my parents, who are always worrying about me. Thank you for giving me my Diabetic Alert Dog Guide – Icelynn has been such a positive impact in my life.

Beausejour Family Crisis Resource Centre & Marielle – Support Team

Marielle is breaking history in New Brunswick as she was the first Dog Guide to be granted access to the New Brunswick Court system in May 2019. Since this time, she is in high demand to support children and adult victims of crime and sudden tragedy. The BFCRC and the Moncton Law Courts have been able to provide victims of crime with invaluable support by utilizing Marielle. Testifying in court is one of the most terrifying experience that someone can go through, and Marielle helps victims with calming companionship and support. In her short time working with our organization and in our community, we have seen such an impact that we do not know what we would do without her. So many children and adults count on her to help them move on from their trauma and to reclaim their power and lives.

To put it simply, Marielle helps children and adults when they have seen too much.

Each year, the Lions Foundation conducts an annual survey of our clients. The survey measures everything from the application process, to follow-up support, to the impact Dog Guides have on clients' lives. Categories are rated on a scale of one to ten, with ten being the highest.

Accreditations

Lions Foundation of Canada Dog Guides is making an impact across Canada under the highest standards by being a founding and accredited member of the Canadian Association of Guide and Assistance Dog Schools, an accredited member of Assistance Dogs International (ADI) and International Guide Dog Federation (IDGF), two worldwide organizations which set out best practices for assistance dogs and guide dogs. In addition to being an accredited member of both, training, breeding collaboration and information are available through these organizations.

Lions Foundation of Canada is also an accredited member of Imagine Canada, a national organization that ensures charities continue to play a pivotal role in building, enriching and defining Canada. Through Imagine Canada, the foundation has access to resources that help strengthen its mission and continue to make an impact for Canadians through Dog Guides.

Raise a puppy. Impact a life.

The journey of Dog Guides begins at Lions Foundation of Canada's breeding program. In an effort to ensure consistent production of dogs with exceptional traits such as high degree of trainability, intelligence, good health and excellent temperament, the foundation operates its own breeding program.

"2018-2019 was an exciting year," says Sam Hobbes, Breeding and Puppy Program Coordinator. "98 per cent of our dogs were bred by us with two per cent being donated by other organizations or private breeders across Canada. Thanks to the success of our breeding program, a total of 304 dogs began their Dog Guide journey this year. Of course, this was all possible thanks to the fantastic role foster families play in our puppies' lives."

"After seeing my first dog graduate, it all came full circle and was the coolest feeling. To watch a puppy you've raised now guide and love and care for another person is so magical." – Jewel Keca

Volunteers

At Lions Foundation of Canada Dog Guides, we are truly fortunate to have wonderful volunteers that share their time throughout the year helping instructors with their Dog Guides in training, grooming, walking dogs, assisting with administrative work or by participating in events such as Open Houses, Pet Valu Walk for Dog Guides, and far more. This year, volunteers (including foster families) collaboratively dedicated approximately 2.6 million hours of their time. Without their generous contribution of their invaluable time, it would be immensely difficult to help as many Canadians as we do.

A large group of volunteers are devoted foster families. This year, foster families opened their home and hearts to 304 future Dog Guide puppies. They provided the puppy a place to grow and develop prior to their Dog Guide training. This is a 24/7 job! Foster families socialize Dog Guide puppies and expose them to different environments during their first 12 months. At approximately a year, the Dog Guide puppy returns back to the foundation to begin their formal training. It is not easy to say goodbye but foster families know all the love and support they have provided to the puppy played a key role in shaping their future as Dog Guides.

Over 2.6 million hours were donated by our amazing volunteers

Volunteers help

Lions Foundation of Canada Dog Guides volunteers are dedicated, compassionate individuals who share the commitment to provide Dog Guides at no cost. Some of the ways volunteers contribute include:

Fostering

Love

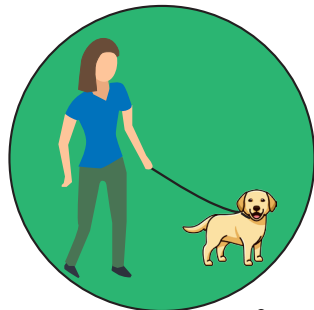

Socialization

Basic training

Dog Guides in Training

Walking & playtime

Grooming

Assist instructors during training

Fundraising

Host fundraisers

Participate and organize events

Administrative assistance

Ways to Give:

- Special events
- Corporate donations and sponsorships
- Third party fundraisers
- Sponsor a Dog Guide team
- Foundation grants
- Commemorative giving
- Memorial gifts
- Workplace giving
- Donating goods and services

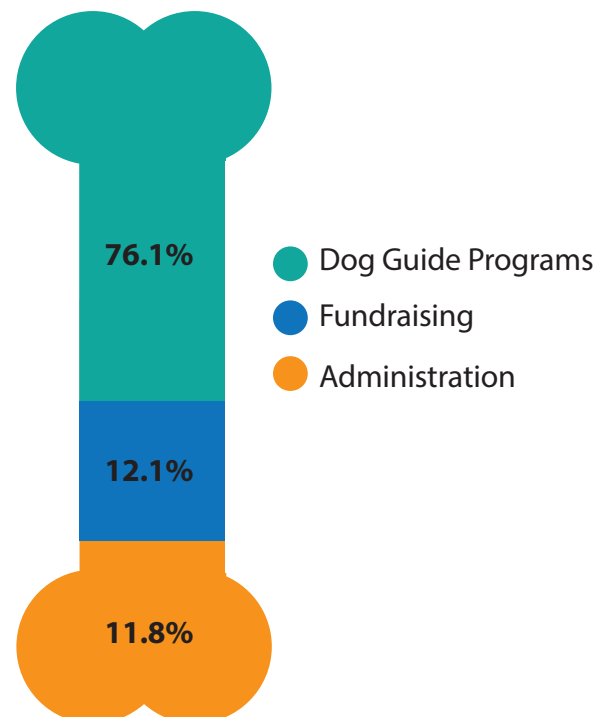

One key avenue for giving is the sponsorship program. Sponsoring a Dog Guide team offsets a significant portion of the \$25,000 it takes to raise, train and place a Dog Guide. 2018-2019 had a record number of sponsorship donations, totaling over \$1.5 million

Fundraising

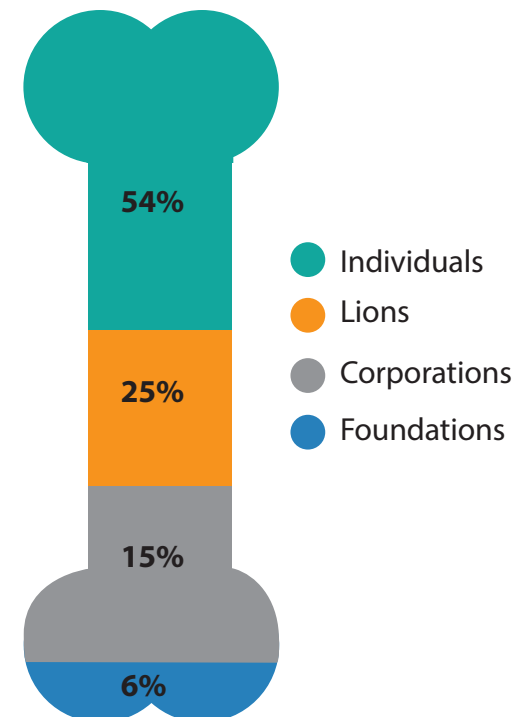

Lions Foundation of Canada Dog Guides celebrates one of its most successful years, raising \$7.1 million in revenue. Without government funding, Lions Foundation of Canada has grown from a dream to an established and rapidly expanding charity that contributes in a very real way to the day-to-day lives of Canadians with a disability. Each Dog Guide costs approximately \$25,000 to raise, train and place, yet they are provided at no cost to qualified applicants from coast-to-coast.

All of this is possible through the generosity of many, including individuals, companies, organizations, and Lions Clubs from across the country. Whether it is an event, a corporate partnership, sponsorship of a Dog Guide team, a bequest to a single donation, every donation makes a difference. Every donor shares in the Lions Foundation's success of helping to provide the priceless gift of independence.

How funds were spent

Source of donations

Pet Valu Family of Stores

Lions Foundation of Canada Dog Guides shares a very successful national partnership with the Pet Valu family of stores. 100 per cent of the donations received through their annual give-what-you-can calendar and bandana programs sponsor Dog Guide teams across the country.

At the end of the fiscal year, Pet Valu has sponsored a total of 122 teams across Canada.

In addition to sponsoring Dog Guide teams and being the title sponsor of the Pet Valu Walk for Dog Guides, the Pet Valu family of stores started providing dog food for foster puppies and dog food and treats for Dog Guides in training in January of 2019. Thanks to them, Dog Guides in training and puppies are now fuelled by Performatrin and Performatrin Ultra.

Total Pet

"The Pet Valu family of stores is honoured to have been working with Dog Guides and sponsoring Dog Guide teams since 2014. To date, we have sponsored 122 Dog Guide teams from all across Canada. We are also proud to see our partnership grow, by being the title sponsor of the Walk for Dog Guides as well as providing dog food for puppies and dog food and treats for Dog Guides in training. Thank you Dog Guides for everything that you do." – Kellie McCutcheon, Senior Marketing Manager, Pet Valu

Pet Valu Walk for Dog Guides

The Pet Valu Walk for Dog Guides is the largest annual fundraiser for Lions Foundation of Canada Dog Guides. Organized by local volunteers, this past year, 283 communities across Canada united with one cause in mind: to give Canadians with a medical or physical disability a new leash on life.

The Pet Valu Walk for Dog Guides started as a singular event back in 1985 and now takes place in every province across Canada. Thanks to the dedication of walk organizers, the participation of thousands of walkers, the support and generosity of donors, and our incredible sponsors, the total raised this year was \$1,328,560.03!

Why the walk is so important to our graduates

"As a five time recipient of a LFC Dog Guide, I am so proud to reciprocate the generosity of the donors who have supported the various programs by simply participating in a walk. It is the perfect venue to showcase the best dog on the planet – mine! Truly, to know that folks care enough to help a person with a disability reinforces my faith in human nature." – Bev Berger, Canine Vision Canada graduate with Dog Guide Lotus

Why the walk is so important for our walk Organizers

"The Pet Valu Walk for Dog Guides is a great way to do your small part. Walk for a great cause or walk in any community who organizes a walk, and you will be rewarded by new friends, and a compassionate vision of how anyone can help bring together the focus of love and purpose in one step; an immeasurable gift to someone in need, a Dog Guide." – Port Perry Pet Valu Walk for Dog Guides Organizing Committee

Leaving a Legacy

The Dog Guide Legacy program is Lions Foundation of Canada's planned giving program that provides an opportunity for donors to designate a gift that will fund the training of future Dog Guides. Legacy Leaders are those who have made a commitment to support the Lions Foundation with a planned gift, whether it is through a bequest, life insurance or endowment funds.

It is through the shared vision of a growing number of people choosing to leave bequests in their wills that has led to the successful growth of the Dog Guide programs over the last few years. The far sighted planning of these donors from across Canada ensures that their financial support of the foundation will last beyond their own lifetime.

"Dog Guides become part of their handler's lives and can go with [their handler] anywhere. Lions Foundation of Canada touches so many people's hearts, it's easy to want to help make a difference. My hope is to support the full cost of training for up to two Dog Guides. The satisfaction that you receive in knowing you are leaving your own legacy for future generations gives you more joy." – Kristine Beavis, Legacy Leader

"For our family, the decision to bequest money to Dog Guides Canada was easy after seeing the incredible difference they make in the lives of people living with disabilities." – Julie Dragich, Legacy Leader

Lions Clubs – Making an Impact Coast-to-Coast

The success of Lions Foundation of Canada stems from Lions, Lioness and Leo Clubs across the country. It was Lions Clubs who established the foundation in 1983 and continue to support its Dog Guide programs as a recognized national project. They continue to provide approximately 20 to 25 per cent of the funding each year.

The successful fundraising of hundreds of Lions Clubs is evident in their contributions to many areas - from the Dog Guide sponsorship program to award programs to hosting an array of community events. Lions are key to the success of the Pet Valu Walk for Dog Guides, as the majority of walks are organized by Lions clubs

"The Musquodoboit Harbour & District Lions Club supports the Lions Foundation of Canada Dog Guides because of the incredible positive impact the program has in the lives of people in need. Being able to help to improve the quality of life of those in need is really what Lions are all about. Whether it's your neighbour down the street or someone across the country, being able to help is what we do. Hearing the stories of the impact these dogs have on people's lives makes us proud to be Lions." – Jeff Crowall, Musquodoboit Harbour & District Lions, Nova Scotia
