## Message From the Chairperson & Chief Executive Officer

Where to begin in a year that has brought so much change – some of it planned and other changes were made in direct response to the unprecedented and unforeseen times of responding to a global health pandemic.

In July we said farewell to our long serving Executive Director, Sandy Turney. After 20 years of service, she has left a big mark on the organization taking it from a small operation supporting 50 graduates a year to where we are today. Her dedication to Dog Guides is remarkable and we are thankful for her contribution to the growth of the organization. As Sandy retired her “harness”, we wish her well in her retirement and hope she, like our retired dogs, enjoys long walks and time to play.

In October as part of our regular governance practices, we said farewell to three Board Directors who had served their terms as strong supporters and we welcomed in three new Board Directors to begin their three year terms. In light of the changes and the situation with COVID-19, the Board proposed a motion to the members to extend their terms for an additional year to help provide stability in a time of great uncertainty. A special meeting of the members was called to vote on the extension and it was approved. To that end, proposed incoming directors will be invited to the board as observers until they assume their duties starting October 2021.

In December we welcomed Bev Crandell to the start of her official role as CEO. She spent the first few months getting grounded, meeting staff and volunteers, and even pulling a few shifts cleaning kennels. This time was critical given just a few short months after starting, the organization needed to make some difficult decisions about ongoing operations when faced with COVID-19.

We cannot ignore the impact of COVID-19 on the foundation. At the peak, we had 448 dogs with foster families. We are exceptionally grateful for the kindness and generosity of the families who cared for a dog, never fully anticipating it would be as long as it has been. In March, we cancelled all classes and we halted our breeding program. We had to cancel our in person Pet Valu Walk for Dog Guides and pivot to a virtual event. We had to close the doors to our facilities to all but essential staff working in our vet clinic and paused the volunteer program.

It would be easy to dwell on all that we lost during COVID-19 but it is equally important to look at what we did accomplish. The Pet Valu Virtual Walk for Dog Guides raised a remarkable \$548K – exceeding our goal of \$325K. Our puppy classes shifted to virtual classes and we developed videos and other remote training tools to help those dogs who were actively training. We reached out to all our graduates to check in and support

David Hollyoake, PDG – Chairperson of the Board

Beverly Crandell – Chief Executive Officer

them during these unusual times. In spite of all the challenges, we managed to end the year financially with a small surplus, thanks to the generosity of our donors and the financial help from the Canada Emergency Wage Subsidy program. It will be a while before we are back up and running fully, but we are pleased to report we are slowly bringing a small number of dogs back to the school for training to be matched with applicants this fall, with a reduced class size and reduced class time.

We owe thanks to many people for supporting us throughout the year and in particular for standing by us in what are the most difficult of circumstances for us all. In particular, we would like to thank the Board for their guidance and leadership over the past few months; the amazing staff team who have pivoted to change the way they work to support the graduates, foster families and dogs; the volunteers who have not been able to come in to volunteer but who check in regularly to see how things are going; our foster families who are simply amazing; and our donors and sponsors who continue to support us knowing we are doing our best to keep things going.

It has been quite a year and we look forward to the next with optimism. While uncertain times still lie ahead, we plan for growth and look forward to engaging with you in whatever shape and format that may be. Above all else, we hope for the health and well-being of everyone.

## Dog Guides Strong – A Year Like No Other

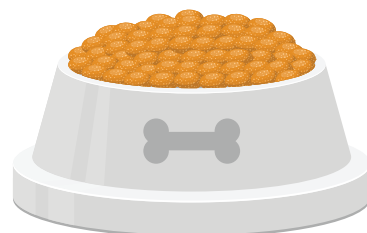

It's safe to say that 2020 has been a year like no other. Despite its challenges, Lions Foundation of Canada Dog Guides continued to work towards its mission – to assist Canadians with a medical or physical disability by providing them with Dog Guides at no cost.

83 people graduated with their Dog Guides despite having to postpone all classes scheduled after March 2020.

25k

Each Dog Guide costs approximately \$25,000. None of this cost is passed on to the applicant.

Approximately 500 future Dog Guides were fuelled by Performatrin and Performatrin Ultra. All is donated by Pet Valu and its family of stores.

Dog Guides' vet clinic had a total of 3,100 vet appointments this fiscal year. That's 14 appointments per day!

\$548,754 was raised from the first ever Pet Valu Virtual Walk for Dog Guides.

Dog Guides were provided to people from coast-to-coast.

Instructors in every program continued to offer support to over 1,200 active graduates across Canada.

448 future Dog Guides were cared for by foster families and volunteers when the foundation entered into lockdown.

246 fundraising events and presentations took place to help cover the cost of providing Dog Guides at no cost.

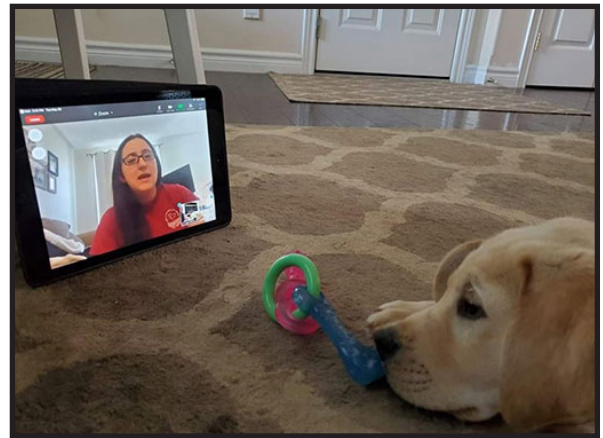

## Ensuring Support Year-Round

Despite many challenges, the foundation never stopped working. By the first week of April, we had placed all of our Dog Guides in training with foster families and dog sitters and began to work on a training plan while the dogs were away from the training facility.

We used teleconferencing and videoconferencing to enhance communications amongst staff, graduates, foster families and other stakeholders. This included constant communication with more than 1,200 graduates across Canada and over 300 foster families and dog sitters that were caring for foster puppies and Dog Guides in training.

Staff worked tirelessly in order to assist graduates and their Dog Guides with any support they needed.

***“Receiving my Dog Guide Connie has given me a new lease on life. Together as a team, we have the confidence to face the world with inner strength and courage.”***

**– Alexandra, graduate of the Canine Vision Dog Guide program**

## Puppy Program

This year, 194 puppies began their journeys as future Dog Guides. In April, the breeding program was paused, and our final litters of the year arrived in late May. Usually, much of a future Dog Guide puppy's training involves socialization in public places. The COVID-19 pandemic required our Puppy Program staff and foster families to be creative in finding ways to maintain this training in the home and local environment. Foster families and their puppies brushed up on basic obedience, set up obstacle courses in the house, listened to a variety of sound effects on the computer, and attended puppy classes over videoconferencing. We are so grateful to our dedicated foster families for stepping up to these challenges and ensuring that their "pandemic puppies" will be well prepared for a career in one of our Dog Guide programs.

*"I never thought I would have two puppies at the same time. Then COVID-19 hit! Because both dogs stayed at home with me, I was able to witness the special bond between an older and younger puppy. Raphie (yellow) 19.5 months foster #4 with Steward (black) 5.5 months foster #5."*

– Beverly, foster parent

**Foster puppies are fed Performatrin and Performatrin Ultra to fuel their growth.**

## Volunteer Program

Without the support of volunteers, there would be no Dog Guides. Volunteers generously donate their time to groom, walk, train, raise Dog Guides, fundraise, and the list could go on and on. They are one of the greatest gifts the foundation continues to receive and this was especially true when the pandemic began, as we relied on many of them to care for a Dog Guide in training. And when we had to make the very hard decision to shut down our volunteer program, volunteers continued to help from home by providing donations for online auctions, fundraising for the Pet Valu Virtual Walk for Dog Guides and dog-sitting Dog Guides in training.

Thank you to the 91 facility volunteers and 561 foster families, dog sitters and families with breeding dogs. We are so grateful for their dedication, passion and support, especially during these very uncertain times.

Unfortunately, this year has been like no other and we are making moves to resume normalcy as soon as the current pandemic allows us to safely do so.

Kelvin with foster puppy Keno  
Volunteer Photographer

***“Adam would not be the same without his dog Shawn. He makes him laugh, gives him confidence, calms him down when the world is too much too handle. But Shawn also helps people around Adam - he helps them recognize Adam’s needs very quickly by notifying them of his disability, which in turns helps them understand Adam and allow Adam to have all the little and big accomplishments that people take for granted. We are forever grateful for Shawn who helps Adam be who he is and hopeful for who he will become.”***

**– Mom to Adam, graduate of the Autism Assistance Dog Guide program**

## Fundraising To Provide Dog Guides At No Cost

Thanks to loyal donors, amazing volunteers, generous sponsors, Lions and thousands of people across the country, Lions Foundation of Canada Dog Guides had a successful year, something quite remarkable during a global pandemic. We saw positive outcomes in most sources of revenue enabling us to end the year with some confidence as we continue to face extraordinary times.

With the start of COVID-19, everyone in the world faced new challenges and it was no exception for the Lions Foundation. We had to quickly change all that were doing, along with our plans for the balance of the year, to focus on the safety of our clients, dogs and staff. This need remains paramount and is something that cannot be fulfilled without continued financial support.

Each Dog Guide is approximately \$25,000 to raise, train and place, yet they are provided at no cost, even without any government funding. The generosity of many makes this possible and every donation truly does make a difference. It is truly special seeing the number of people, from coast-to-coast, who have been eager to contribute and support our mission.

***"My dogs name is Eden and we graduated in Dec/ 2016 from the hearing class. I was hard of hearing when I got my Hearing Dog Guide, Eden. I now have lost my hearing. Being a senior living alone in my own house I can stay independent having Eden. So valuable for me. She is very smart and my best companion. She gets lots of attention when we go out as she is well behaved. The Lions Training centre in Oakville was amazing. The staff were friendly and very supportive. My most memorable experience and I thank them so much. Also appreciate their continued support."***

**– Sharon, Graduate of the Hearing Dog Guide program**

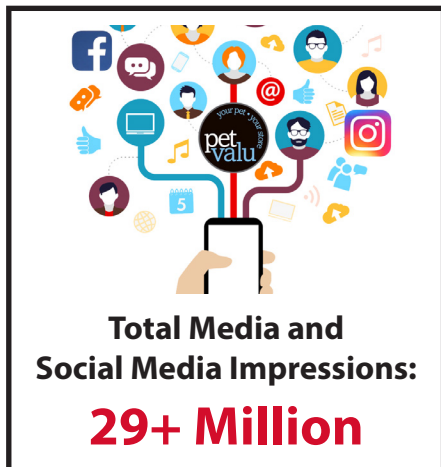

## Pet Valu Virtual Walk for Dog Guides

We started 2020 very excited to surpass last year's fundraising total with approximately 300 in-person Pet Valu Walks for Dog Guides scheduled to take place across Canada. However, in late March, it was clear, this year's walk was going to be very different... with only 35 days to the national walk date, we quickly had to switch gears and plan one Pet Valu Virtual Walk for Dog Guides.

Hosting a fundraiser as important as the Pet Valu Walk for Dog Guides during the pandemic was not easy, but at Lions Foundation, we saw this as an opportunity to do things a little differently and challenged ourselves to think outside the box and connect participants from coast-to-coast virtually.

Thanks to Pet Valu's support, the foundation encouraged participants to fundraise for Dog Guides by doing something active and share on their social media channels using the hashtag #VirtualWalkforDogGuides.

This special fundraiser united people from across Canada and other parts of the world in support of Dog Guides - and raised a total of \$548,754! Thanks to Pet Valu's generous sponsorship of the walk, proceeds raised were used in support of the foundation's mission.

## Pet Valu

Lions Foundation of Canada Dog Guides shares a very successful national partnership with the Pet Valu family of stores across Canada. Not only is Pet Valu the title sponsor for the Pet Valu Walk for Dog Guides, they are also the national feeding partner of Dog Guides. They generously provide food for all foster puppies and food and treats for the dogs in training.

Future Dog Guides grow up healthy thanks to Performatrin and Performatrin Ultra, which provides precise nutrition to meet their individual nutritional requirements as they proceed through their various life stages.

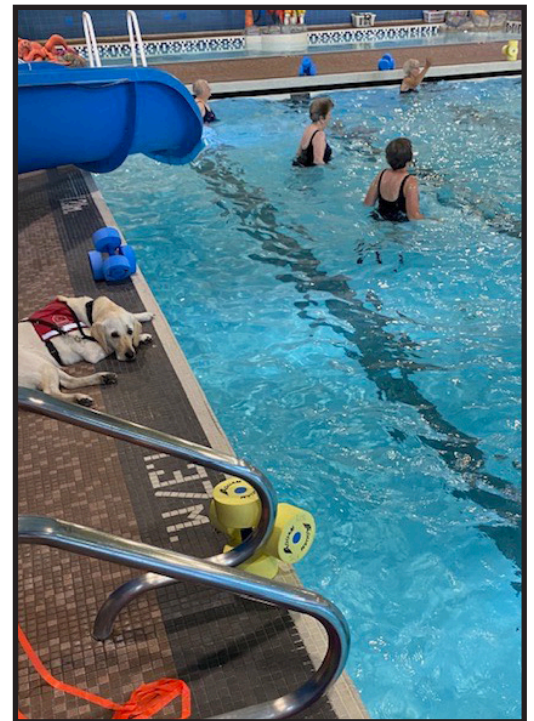

This significant contribution is of enormous value and key to our ability to provide healthy Dog Guides at no cost.

In addition, Pet Valu's annual calendar sales sponsor Dog Guide teams across the country. The Pet Valu family of stores sell calendars for a "give what you can" donation and over the past few years, enough money has been raised to sponsor an impressive 150 Dog Guide teams! Thank you Pet Valu for being a significant part of the Dog Guide family!

*"Since being diagnosed with MS, aqua exercise is the only form of exercise I can do. When I leave the pool, my legs are weak so Alice walks close to my side, with my hand on her back as I shuffle off to the change room. She gets my bag out of the locker, and pulls the little plastic stool into the shower so I can sit, and brings the shampoo bottle. If I'm unable to lift my legs to put on my socks, Alice goes under my legs when I'm seated and raises my legs one by one, then I drag my leg across her back and put on my socks.*

*In the grand scheme of things so what if one lady with MS can't exercise or get her groceries by herself. But that is one of the very special and unique things about the Dog Guide charity. They are there for the individual. I am very grateful."*

– Dr. Moira Cooper, graduate of the Service program and sponsored by Pet Valu

## Lions Clubs

Lions clubs nationwide are a cornerstone of Lions Foundation of Canada. Each year many clubs across the country contribute to the foundation in several critical ways – Lions are donors, volunteers, walk organizers, event planners, sponsors and sometimes, foster families for the foundation's Dog Guide puppies. They play a key role in the achievements of the foundation and, even during a pandemic - this year was no exception. Spring fundraising events had to be cancelled or postponed but many clubs still continued to support the foundation.

Lions, Lioness and Leo Clubs across the country provide approximately 20 per cent of funding annually to Lions Foundation of Canada. They participate in the Lions awards program, the sponsorship program, the Memorial Forest and the Pet Valu Walk for Dog Guides – even when the walk was virtual this year. Over the next 12 months, we know we can count on Lions Clubs to support Lions Foundation of Canada and its mission.

Blackheath Binbrook Lions Club

Graduates of the Autism Assistance Program Cohen and his Dog Guide, Kito, sponsored by the Pouch Cove Lions Club.

Service Dog Guide Team – Jim and Barnum with friends

*"I had a bad fall a few weeks back... I ended up getting stuck between a couch and end table and couldn't get up. Rutger, my Service Dog Guide came to my aid so quickly I gave him the "help" command. I think the neighbourhood could've heard him because he was that loud! Thankfully my wife heard him barking and came to assist me. Rutger's barks saved me that day. Our dogs are absolutely awesome."*

– Phil, Graduate of the Service Dog Guide program

## Legacy Leaders

Thank you to those who have made a commitment to support Lions Foundation of Canada with a planned gift. There are several people who wish to remain anonymous and are not listed below.
